## Is Willing to Make Concessions to United States to Prevent Any Breach.

Washington, D. C., April 25.—A report from ambassador Gerard at Berlin, outlining the results of his conference Monday with Dr. von Bethmann-Hollweg, the German chancellor, over the American note, was expected at the state department today.

Mr. Gerard is understood to have already reported that strong political influences are at work in Germany to prevent a rupture. Labor leaders and Socialists were represented as being particularly adverse to a severance of diplomatic relations. The ambassador is said to have reported there were strong indications of Germany's willingness to make concessions to the United States.

**25,000 Telegrams Pour In.**

Twenty-five thousand telegrams protesting against action which might mean war with Germany began pouring in on senators Sherman and Lewis of Illinois late Monday night and still were arriving today.

Although signed by individuals in Illinois, the telegrams followed prepared forms and were prepaid. There was publicity in them to indicate who had prepared the forms for the signatures.

During the day telegrams of the same sort began coming in to senators Cummins and Kenyon from Iowa and to senators La Follette and Hastings from Wisconsin. Senators were amazed at the extent of the propaganda.

# BERNSTORFF VERY CHEERFUL OVER THE SUBMARINE ISSUE

New York, April 25.—Count von Bernstorff, the German ambassador who has been in this city for the last few days, was expected to return to Washington today on an afternoon train. At his hotel he declined to say to newspaper men whether he had received advice from his government bearing on the American note. His questioners found him, however, in seemingly cheerful spirits.

"The only thing I can suggest to you, gentlemen, is that you get into communication with president Wilson," he said with a smile.

Published reports that Germany had fully met the American demands and that he had said at a private dinner here that he expected "to remain a long time," the ambassador declined to discuss.

"Yes I did attend a private dinner," he remarked, "but it was so private that there was no one there but myself."

# MORE RUSSIANS LAND IN FRANCE

## Allies Are Reenforced By Czar's Men For Drive Against Germans.

Marseilles, France, April 25.—Another contingent of Russian troops has arrived here.

The Russians were received with all military honors and debarked amid enthusiastic cheers.

The contingent arrived at 10 o'clock this morning, its coming being greeted by the flying of flags and blowing of whistles from the craft of many nations in the harbor and by a large crowd massed on the quay.

Gen. Minister, the governor of Marseilles, accompanied by his staff, welcomed the commander of the Russian force.

The Russian troops assembled on the docks, replied to the greeting from the shore and harbor with hearty cheers. The debarkation was immediately begun.

The first force of Russians arrived at Marseilles on Thursday of last week and Saturday passed through Lyons on the way northward, presumably for service with the French troops at the front. The number of men in the expedition was not disclosed, although it was said to be more than 10,000.

It was intimated in dispatches from Marseilles that possibly a quarter of a million men would be sent this spring from Russia to France, as the Russian more men under training than she can use on her fighting lines and it is easier to equip them in France than in Russia.

# BRITISH SHIPS SNEAK BELGIUM

London, Eng., April 25.—An attack on German positions on the Belgian coast by British warships is reported in an Exchange Telegraph dispatch from Amsterdam.

The bombardment is indicated as one of the heaviest in this region during the war.

The dispatch says the following message has been received in Amsterdam from Flushing:

"Several British warships, accompanied by destroyers and other vessels, Monday bombarded Zebrugghe and the German batteries off Heyn, Blankenberghe, and Knecht. The bombardment was one of the heaviest since the beginning of the war and also of the longest duration."

"The damage done at Zebrugghe is said to have been enormous. The harbor and docks were hit several times and some ships were sunk."

"British aircraft also threw bombs on German batteries."

# BRITISH AIRMEN ATTACK ENEMY CAMP NEAR SUEZ

London, England, April 25.—Eight British airplanes bombarded the hostile camp at Quatta, in Egypt, near the Suez canal, it was announced officially today. The camp was destroyed and the hostile troops, the aviators report, apparently began to withdraw from that district.

The presence near the Suez canal of hostile organized forces in such numbers had not been disclosed previously. Quatta is 25 miles east of the canal, on a road to El Kantara, where the Turks made their previous unsuccessful attempt to reach the canal, in November, 1915. It appears probable that the present attack is being made by tribesmen from the desert rather than by Turkish regulars.

London, Eng., April 25.—Seventy bombs were dropped during Monday night's zeppelin raid. One man was injured. Four or five zeppelins, the official press bureau says, took part in the raid.

# ST. CLEMENT'S IS OUT OF DEBT; TO GET NEW ORGAN

Reports of the year's work of all the church organizations were made at the annual parish meeting of the congregation of the Church of St. Clement, held Monday night at the parish house. The reports presented showed the church to be in a very good financial condition. The pastor, Rev. Henry Easter, read the report of the Sunday school. Mrs. C. M. Lyman reported as treasurer of the woman's guild. Mrs. Kenneth W. MacCallum as the treasurer of the altar guild and Mrs. W. E. Pomeroy for the women's auxiliary.

The pastor reported the church had paid off the \$1000 debt on the parish house, leaving the entire indebtedness on the debt. George Rogers, treasurer, reported that the organ fund contained the sum of \$350. The church has been put upon a strictly cash basis. The vestrymen for the coming year were elected. J. E. Bowen and L. H. Tucker were the new members added to the vestry. The members who were elected were George Rogers, H. B. Hayes, C. M. Lyman, David McKnight, Dr. George H. Mengel, T. D. Porcher, V. R. Sullivan, R. J. Tabe and H. M. S. Williams. This spring completes the 12th year of service of Rev. Henry Easter as pastor of the church.

It was that the three delegates to which the church is entitled for representation at the 25th annual convention of the Episcopal diocese of New Mexico, which will be held in the Church of St. Clement on May 2, 3 and 4, should be left to the rector to appoint rather than to be elected. The meeting was very well attended.

# CHILLS, FEVER AND KIDNEY TROUBLE

I am pleased to testify to the merits of Dr. Kilmer's Swamp-Root which I had occasion to use seven years ago for kidney trouble. My general health was not good, caused from chills and fever and drinking impure water. I felt all tired out; felt so badly at times when I would lie down I could scarcely get up. A friend recommended Dr. Kilmer's Swamp-Root. I got a bottle and took it. It did me so much good that I bought six bottles and gave up the doctors' treatments entirely, and before the six bottles were half gone I felt as well as I ever felt in my life, and after taking the remainder of the six bottles, I discontinued the use of Swamp-Root and have had no occasion to take any medicine for kidney trouble since; that was seven years ago. I hope those suffering as I did will give Dr. Kilmer's Swamp-Root a fair trial, for I feel sure they will derive great help from its use.

Yours truly,

MRS. T. Z. MCCARTHY.

206 N. Main St. Paris, Texas.

Lamar County, Texas.

Personally appeared before the undersigned authority T. Z. McCarthy, who says under oath that the foregoing statement is true and correct this February 25th, 1915.

# FREE LECTURES ON COOKING FOR ALBUQUERQUEANS

Miss Ethel Hewey, Widely Known Domestic Science Teacher, Here for a Week Under Auspices of Red Star Milling Company.

Miss Ethel Hewey of Wichita, Kan., one of the most widely known domestic science demonstrators in the west, this afternoon opened a free cooking school at the Red Star Flour in the Stockmen's Guaranty Loan company building at 115-117 South Second street. The lectures and demonstrations are free to the ladies of Albuquerque and will be continued each afternoon next week from 2 to 4 o'clock. Miss Hewey is working under the direction of the Red Star Mill and Elevator company of Wichita, manufacturers of Red Star flour, and S. R. Hawk of Amarillo, Tex., the western distributor for the company, is here attending to business details of the demonstration.

Red Star Flour already has a large local consumption, having been introduced many years ago by the L. B. Putney wholesale grocery house. The purpose of the free demonstration and lecture course is, of course, primarily to aid in introducing and extending demand for Red Star Flour, but the demonstrations are absolutely free and without strings of any kind. There is absolutely no soliciting. It is a complete course in the right use of flour and in cooking in all its varied departments. Miss Hewey is a skilled and rapid demonstrator and an entertaining lecturer and her work will be not only helpful to the ladies of Albuquerque, but enjoyable.

Cakes, pies, cookies and coffee will be served from time to time during the afternoon demonstrations, the first of which took place this afternoon. Beginning Monday afternoon at 2 o'clock chairs will be provided for all the ladies who come and every care will be taken to make the most comfortable and convenient of those who wish to take advantage of the lecture course. (Albuquerque Evening Herald, April 15, 1915.)

Miss Hewey is now in El Paso to begin this same work for the ladies of this city. Held Bros. secured the Red Star flour account a few months ago and today they have this celebrated flour in nearly all the leading grocery stores of this city. It's proving a great favorite. No one who attends these lessons will be disappointed. No. 104 N. Stanton St.—Adv.
